## INSTITUTIONAL FACILITIES PROVIDED TO THE STUDENTS TO AVAIL SELF-STUDY COURSES

### 1. TIMETABLE

Provisions are given in the timetable to encourage students to avail self-study courses. In the timetable, separate time is allotted for library work, subject association activities, club activities and mentoring. Through this, the students get opportunities to utilise their interests and skills based on their individual preferences. This enables them to choose a course that not only matches their skills, values and personality types, but also caters to throw light on their career focus.

## **2. LIBRARY**

The central library in the college is well stocked and fully computerized with OPAC facility. The resources include books, journals, encyclopaedias, periodicals, newspapers, on-line resources and reprographic centre. The library has a comfortable reading room with a seating capacity of 50. It remains open on all working days. In 2020, the college installed Digital Library that gives access to multiple contents with a potentially infinite number of resources and selections at hand.

## **3. COMPUTER LAB**

The college provides students with an on-campus air conditioned computer lab which they can use for coursework, research and other learning activities. The computer lab in the college is equipped with technological equipments to ensure the overall development of the students. Wi-fi facility is provided to both faculty members and students. The computer lab, besides helping students learn and complete assignments, gives provisions for students to explore the world of work and get an awareness about the various courses available.

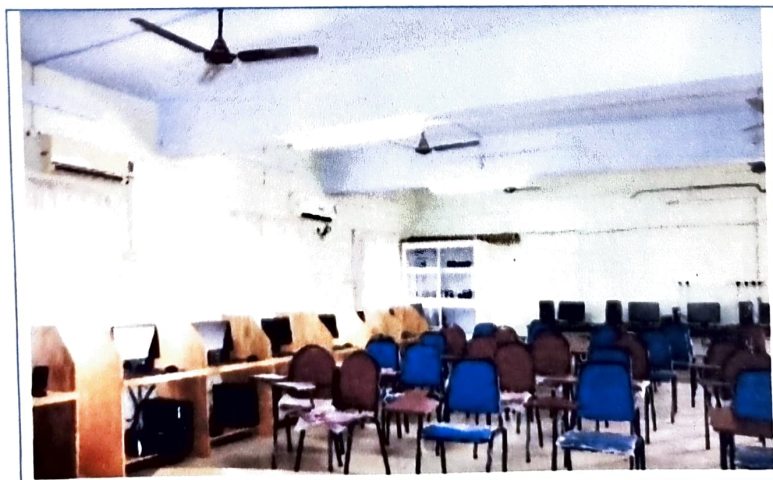

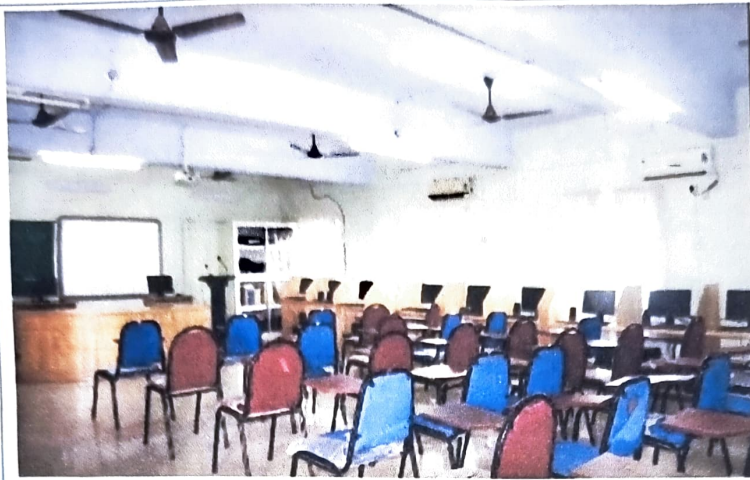

## **4. ACADEMIC ADVICE/ GUIDANCE**

The faculty of the institution motivates and structures academic exploration, supports intellectual, moral, social and personal student development, and encourages students to make their learning meaningful as they engage with their world. The academic advice and guidance offered by the faculty help to inspire and guide student learning through successful mentorship.

This interactive section was very effective. Sir shows a path which seems to be effective and systematic for a successful life.	Fire and life safety' was an interesting and energetic section. This section provide us factual informations. I found the demonstrations very useful and we can implemented it in our life too.
16/12/2021 10:18:26	remyarema511@gmail.com	REMYA R	Social Science	It was a very good session. Sri kannan sir clearly points out the importance of teaching and at other kinds of things.	In my opinion, it was the amazing session by Dr shaji N Raj sir. On that session he said that the importance of self confidence, copying with sress kinds of things. This session was also very helpful to overcome the stage sphere, and also he explains how to improve this qualities in our daily life.	It was the first experience i have ever seen, because fire and life safety session is also very helpful to understanding the different ways of saves our life in a dangerous situations. So this session is also guiding the importance of overcoming the dangerous problems kinds of things.
